Dear Parents of Children in Tigers Class

Liverpool Spaceport

As part of our Space topic in Science this year we will be visiting Spaceport on **Wednesday 18th October**. Spaceport offers us a journey through space, as we walk through several themed galleries which all feature a large variety of interactive hands-on exhibits resulting in the learning becoming more real. We will also take part in a rocket launching experience as well as a virtual space explorer in their 360 degree, Space Dome Show, where the latest show "Astronaut" is showing. Here we will learn how an astronaut is trained and the dangers they face in space.

The trip will take place during school time and we are expected to return to school by 3:30pm. The cost of the visit will be £10.00 per child (this includes transport & entrance fees). The total cost of the trip per child is actually £13.50 but I feel that £10 is enough to ask from parents in the current economic climate. We hope to do some extra fund raising in school to help with the cost.

Whilst the contribution we ask for is voluntary, without contributions from parents, such visits will have to be cancelled. Your child will need a packed lunch and wear their school uniform.

If you would like your child to be included on this visit, **please log on to Parent Pay** which will also give your **consent automatically**. If you need any help with accessing Parent Pay please pop into the office & we will be more than happy to help. Without your consent your child will not be allowed to travel with us.

Yours sincerely,

A McEnnerney-Whittle
